### PRODUCT DESCRIPTION

Introducing the BISSELL® air220 Air Purifier. This product packs powerful indoor air purifying power into a simplistic and sleek machine, bringing form and function together in your home. The unique design is apparent in the air220's clean lines and smooth edges. Underneath the sleek design you'll find three layers of filtration, including an activated carbon filter and a HEPA + pre-filter that captures hair, dust, pollen, dander, home and pet odors, and volatile organic compounds (VOCs). This air purifier is a powerful machine you'd expect from BISSELL, a trusted homecare brand. The air220 has a soft-touch dial that lets you control both fan speed and power. It has a discrete cord wrap on the back and filters that can be accessed from the front panel, so you can keep it against a wall in your home. Cleans 31.63 square meters every 15 minutes in 4.0 turns an hour making it great for medium bedrooms, living areas, basements, and dining rooms.

You've trusted BISSELL to clean and care for the floors and surfaces in your home. Now, let us clean your air!
